FROM THE

YEARLY MEETING OF FRIENDS FOR NEW-ENGLAND,

HELD ON RHODE-ISLAND,

FROM THE 14TH TO THE 17TH DAY OF THE SIXTH MONTH, 1818,

TO THE QUARTERLY AND MONTHLY MEETINGS HERETO BELONGING.

DEAR FRIENDS,

THE deficiences unfolded to our view in the Answers to the Queries, have been deeply exercising to the minds of many present, and have called forth the expression of a lively concern for their removal. We are aware, that next to the influence of the Spirit of Truth itself, immediately operating on the minds of those who have hitherto neglected its reproofs and invitations, and thus become the objects of these complaints; the labours of concerned and faithful Friends, in their respective Meetings, as they become qualified for this, by the influence of the same Spirit, is the source from which we are to expect the most extensive usefulness:—Yet we have felt unwilling to retire from this Assembly, without attempting, under some measure, as we humbly trust, of the influence of Divine love, to address our absent Brethren on some of the interesting subjects, in regard to the state of Society, which have thus occupied our attention.

ONE of the most prominent causes of complaint, and one which has excited a very lively concern, has so frequently been the object of general and individual labour, that we would gladly refrain from again adverting to it; yet while the cause remains, we cannot, in justice to our feelings, silently pass it by. We allude to the neglect of our Meetings for the solemn act of divine worship.——Can the love of God hold a place in that mind which refuses him the reasonable service, of devoting to a public acknowledgment of our dependence upon him, a small portion of that time which he has granted us for purposes the most deeply interesting, having relation not only to the present life, but to that which is to come?—Can the spirit of watchfulness and prayer pervade that mind which feels no concern, under a sense of its own weakness, to unite with the spirits of others, in humbly waiting upon him for the renewal of strength, for the guidance of his Spirit, for that sufficiency for all the exigencies of time, which is from him alone; and, as the heart becomes rightly qualified therefor, to join

in

in the ascription of praises to him, for all his manifold favours to his creature man.—We are solicitous, that considerations of this kind may deeply impress the minds of all who have given rise to these complaints; that they may be induced closely to examine whether the want of love to God, the first great duty of man, be not indeed the secret cause of this neglect, however plausible may have been the reasonings by which they have justified it to themselves. It is almost too obvious to require the remark, that the want of love and unity among Brethren, will be found to result from the same cause.—"If we walk in the light, as he [who has called us] is in the light, we have fellowship one with another, and the blood of Jesus Christ, his Son, cleanseth us from all sin."—To the manifestations of this light, may the attention of all be directed, as to a certain standard. Leaning not to our understanding, to the erring and uncertain light of human reason, may we bring not only our actions, but our motives, to the balance of the sanctuary; solicitous alone to refer them to principle. Here we shall let go that attachment to the world, its wisdom, its spirit and maxims, which is at enmity with God, and enter upon that life of self-renunciation to which all the blessings of the Gospel apply. Here *all* our testimonies will be supported, not because they are enjoined by Discipline, but from an internal conviction of their consistency with the Truth.—Love unfeigned, will abound—the spirit of war, or a disposition to partake of its fruits, will find no place—the motive to deviate from Christian simplicity will be done away—the importance of education, the responsibility of the parental charge, will be viewed in its just light—our conversation will be guarded—the Scriptures of Truth will be read with delight—the wants of the poor will be relieved—the non-performance of promises will cease to be a subject of complaint—we shall be qualified to labour, feelingly, fervently and patiently, with those whom we find stepping aside from the path of rectitude; and enabled to place judgment when it appears necessary, in the authority of Truth. Here in fine, (as an advancement is known in this path) will be witnessed a happy release from the bondage of the world, and an admission to the glorious liberty which is to be enjoyed in the freedom of the Gospel; which we desire that all may rightly labour to attain.

Signed on behalf of the Meeting aforesaid,

WILLIAM ROTCH, JUN. *Clerk.*

EXTRACT FROM THE MINUTES

OF THE

YEARLY MEETING FOR NEW-ENGLAND,

HELD ON RHODE-ISLAND, IN THE 6TH MONTH, 1818.

IT appearing by accounts from several of our Meetings, that there are some of our Members, who by a late law of the United States are authorized (as persons in necessitous circumstances,) to receive pensions from the Government, for military services performed by them in the revolutionary war, before they made profession with us. The cases of such, wherever they may be, have in a feeling manner claimed our serious and weighty attention; and it is our united sense and judgment, that it will not be consistent with that faithful testimony for the Truth, against War, which all the Members of our religious Society are required to bear, for any such to avail themselves of those pensions.

IT is therefore advised, and earnestly recommended, to all our Quarterly and Monthly Meetings, where any cases of this kind may occur, seasonably to extend their brotherly care and attention to all such Friends, and in a spirit of sympathy and tenderness, endeavour to strengthen and impress their minds with a suitable sense of the necessity of a cheerful and willing sacrifice of the property thus tendered to them, as well for their own peace, as the support of our Christian testimony against the unrighteous and cruel practice of War.

AT the same time, Friends are recommended to bear in mind our anciently established practice, so reputable to our Society, of contributing to the comfortable support of the necessitous. And where the outward circumstances of any of those alluded to may require assistance, it is advised that a liberal hand of kindness be extended to them, offering them all that relief and comfort which their several conditions may need.

By direction of the Meeting aforesaid,

WILLIAM ROTCH, JUN. *Clerk.*
